

Quality Policy

Dearborn Inc.'s quality policy is to insure our company's long-term corporate health by consistently exceeding our customer's expectancy. Our efforts are directed towards fully understanding the needs of our customers and assisting them in solving their problems. We strive to put ourselves in the place of the customer and conduct ourselves in their best interests. The top management group, as shown on the Management Endorsement page, is committed to complying with, and continually improving, Dearborn's Quality Management System to ensure that it meets current quality objectives.
